Business Categories : Lets face it, not every t-shirt is made up of a couple of colors. Digital image sublimination printing is great for when you need to print a high resolution (300dpi) image such as a picture photo, or a logo that has a graident fade. Our Digital Image printing process will bring out all of colors of your image on your shirt. Also, unlike the silk screen made shirts that may crack when the shirt is stretched. The Digital Image sublimination process will put the ink directly into the shirt and the image will not fade or crack when the garmet is stretched., Poster Printing, printing services, Sticker, The classic heavyweight t-shirt.Â Pre-shrunk, 6.1 ounce 100% cotton. Double-needle stitched bottom and sleeve hems. Loose, classic fit, wears well on anyone. Loosely follows shape of body Order one size down for tighter fit Order one size up for relaxed fit Sizes run standard, Type of card & printing, Weight: 7oz. Pique 100% cotton SIZE: S M L XL 2XL 3XL > Three button polo, ribbed collar, and banded sleeve. > Machine washable. > Preshrunk to minimize shrinkage.
